Professional Summary

Computer Science Engineering student specializing in Artificial Intelligence with a strong foundation in Cloud Computing and Competitive Programming. Experienced in building AI-powered applications, autonomous reasoning systems and scalable backend architectures. Skilled in applying LLMops and MLOps practices to develop, deploy and optimize production-grade machine learning solutions. Strong focus on clean architecture, performance optimization and reliability with a proven ability to translate complex problems into efficient, real-world software systems.

Technical Skills

Languages: C++, Java, Python, HTML5, CSS3, JavaScript, SQL

Frameworks: FastAPI, Flask, LangChain, Streamlit

AI & Cloud: Machine Learning, Deep Learning, LLMops, MLOps, RAG, Multimodal AI, PyTorch, Scikit-learn

Platforms: AWS, Vercel, Hugging Face, Kaggle, GitHub, Docker

Core Skills: Data Structures & Algorithms, Competitive Programming, Problem Solving, Project Management

Certificates

- AWS Certified AI Practitioner (AIF-C01) - AWS
- Machine Learning Specialisation - Coursera
- Software Engineering - NPTEL

Work Experience

AI Intern | Infosys Springboard, Remote

Feb.2026 – Apr.2026

- Developing ClinScan Lung-Abnormality Detection on Chest X-rays using deep learning and computer vision techniques.
- Designing and implementing AI-powered diagnostic pipelines in collaboration with cross-functional engineering teams.

Senior Executive – Placement Turnaround | Dean Career Cloud / SCSET, Greater Noida

Feb.2026 – May.2026

- Driving placement initiatives and career development programs to improve student employment outcomes at scale.
- Coordinating with industry partners to establish internship opportunities and full-time job pipelines for students.

Placement Coordinator | Bennett University, Greater Noida

Jan.2026 – Present

- Managed and maintained student databases to efficiently track placements and employer interactions.
- Built relationships with industry partners to identify and secure internship and job openings for students.

Data Science Intern | Finlatics, Remote

Dec.2024 – Feb.2025

- Analyzed real-world company datasets using Python to uncover patterns, trends and insights for informed decision-making.
- Applied data wrangling, exploratory data analysis and visualization techniques to deliver business intelligence reports.

Projects

AgroVision-Multimodal AI Agent for Agriculture

[agro-vision-frontend.vercel.app](#)

- Developed an AI-powered Smart Crop Advisory System enabling crop selection, pest and disease detection and soil health insights for small and marginal farmers.
- Built and deployed machine learning models for crop recommendation, market price prediction, weather forecasting and implemented YOLO-based computer vision for pest and disease detection.
- Tools: Python, YOLO, OpenCV, Scikit-learn, XGBoost, TensorFlow, FastAPI, Firebase, Pandas, NumPy, LangChain

Real-Time Medical Assistant

- Developed an AI-driven Agri-Tech platform enabling data-driven farming through crop recommendation, soil health analysis and real-time advisory.
- Implemented computer vision-based pest and disease detection using deep learning models to provide precise treatment recommendations.
- Built predictive models for market price forecasting and weather-based planning to optimize farmer profitability and decision-making.
- Tools: Python, YOLO, OpenCV, Scikit-learn, XGBoost, TensorFlow, FastAPI, Firebase, Pandas, NumPy.

AI-Based End-to-End Career Preparation Platform

[placemate-ai-two.vercel.app](#)

- Built an AI-powered platform integrating LinkedIn, GitHub and Codlio to generate ATS-optimized resumes with real-time keyword analysis and scoring.
- Developed a closed-loop system including resume-based mock interviews, behavioural & DSA interview prep and company-wise coding patterns for complete placement preparation.
- Tools: Python, Firebase, Docker, Hugging Face, Vercel, LLM APIs, NLP, Speech-to-Text, Text-to-Speech

Education

B.Tech in Computer Science & Engineering (AI/ML) | Bennett University, Greater Noida, Uttar Pradesh, India

2024 - Present

- CGPA: **9.93** CGPA (Till 4th Semester)

Intermediate (Class XII) | M. G. Public School, Muzaffarnagar, Uttar Pradesh, India

2023 - 2024

- Scored **92.40%** — Ranked 4th in School

High School (Class X) | M. G. Public School, Muzaffarnagar, Uttar Pradesh, India

2021 - 2022

- Scored **96.60%** — Ranked 5th in School
